A woman with long dark hair, wearing a bright pink bikini top and bottom, is posing in a doorway. She is standing with her back to the camera, arms extended to the door frames, and looking over her shoulder. She is wearing high-heeled sandals. A potted plant is visible to the left.

Having fun is what I'm all about.

I love to play tennis, go swimming, play poker, or just a board game in front of a roaring fire. I also love to play sex games. Tie me up, pour chocolate syrup on me, I'll whip cream your cock and lick it off. Are you game?

Having fun is what I'm all about.

I have these pink (my favorite color, if you can't tell) furry handcuffs that I like to use on my sex partners. I'll cuff him to the bed and start by kissing him all over. Then it's cock time and I'll suck him until he cums. No one can resist my tongue. Can you?

Having fun is what I'm all about.
If you think you can keep up with me and play my kind of games
then call me. I'm waiting... to make yours a better game.

Some thoughts on saving humanity

Rita

Left to her own devices, Lisa would rule the world and put women in charge of everything. There would be food for everyone and no more wars on earth. "If there is conflict, I would have the lady presidents of the warring countries on a huge bed with vibrators and whoever came first would be the winner." A truly elegant solution, Rita. We think that's called thinking out of the box!

Jasmine juices up the lab

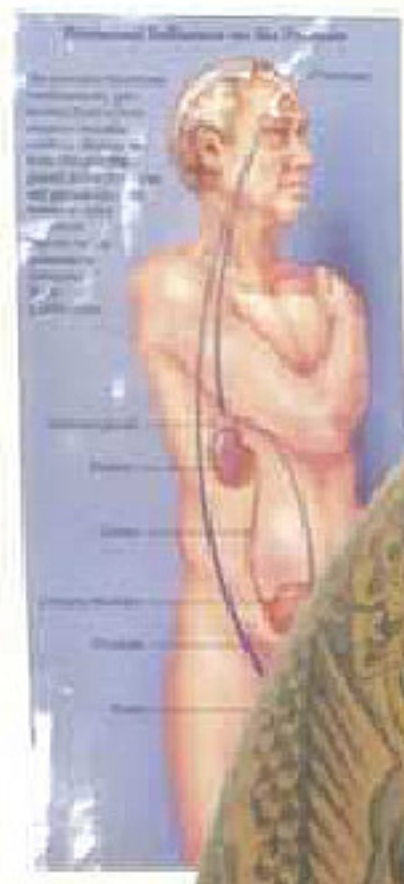

I work in a biology lab and I feel very unsexy. So I wear lingerie underneath my sterile lab coat. There's so much fun stuff to play with in here, but I have to be careful I don't brew up anything too toxic.

What is the Prostate?

The prostate is a gland situated in the male reproductive system. It is located below the bladder and in front of the rectum. Its primary function is to produce and secrete prostatic fluid, which is a component of semen.

Glands of the Prostate

The prostate gland is composed of several smaller glands, each with its own function. These glands are the seminal vesicles, the vas deferens, and the testis.

Benign Prostatic Hyperplasia

Benign Prostatic Hyperplasia (BPH) is a common condition in older men. It is characterized by an enlargement of the prostate gland, which can lead to urinary problems.

There are some fun toys here in the lab also, if you just use some imagination. I especially love the test tubes. They make great dildos. They come in different sizes and depending how horny I am, I like to use them to get myself off. Tell me, have you ever done that?

Call me now so we can have sex

your cock to replace this test tube!

Precocious, Petite and Perverted

I'm a little sex fiend. If my husband can't give it to me when I want it, I have to look for it elsewhere. My favorite friend is "pinkie", my trusted dildo. We've been together for five years, even before I knew my husband, and he has not complained once. I don't know if there could be a more perfect lover.

Monday morning my husband leaves early for work. I'm alone all day and usually quite horny. Why don't you give me a call so we can maybe hook up. I'll be waiting with pinkie, if you're over 18.

The top 12 things that men ignore during sex

Hot animal sex is wonderful but that won't always be the case. Women will want it soft and slow most of the time while men want to jam it, ram it and forget it. But either way nothing makes us feel as good as seeing her happy. That warm glow of sex that a great orgasm will bring to her. The right lover will be back again and again, while a poor lover gets laid only once. Get out your scorecard and be sure you have all your bases covered. Remember, it's not how often you score, but the quality of your performance. Here are a dozen things to keep you on her mind. Let the games begin...

1 A soft touch is really important. A light kiss is better than a hard one. Don't slobber or snort like a big bulldog. Save your sloppy wet kisses.

2 Don't fumble around trying to feel for her clit. The clitoris is very sensitive and too much rubbing will make it hurt and she'll take you off it. Get to know where her clit is and how she likes to have it rubbed and licked.

3 A woman's juices are for lubrication, but sometimes that does not make her wet, or slippery, enough. Scented lubes are a turn on and taste good, too.

4 Men are the visual creatures. Women not so much. They need nice words to stir their imagination. Saying the right things during sex can be a real turn-on for her.

5 Spitting is not just for porn stars. Keep your tongue wet or well lubricated. You may think that there's always spit to keep it wet, but that is not always the case, dude.

6 Next to the brain and the vagina, nipples are the most erogenous zone, and oftentimes the most sensitive parts of her sexual anatomy. Ease up on the pinches and bites. They hurt!

7 Fingers and toes. Don't forget those! These are sensitive areas that get even more sensitive during sex. She'll also appreciate that you don't spend all of your time on her clitoris and pussy.

8 The look on your face tells her a lot. Even if you're bored, pretend to enjoy, especially if she's fellating you.

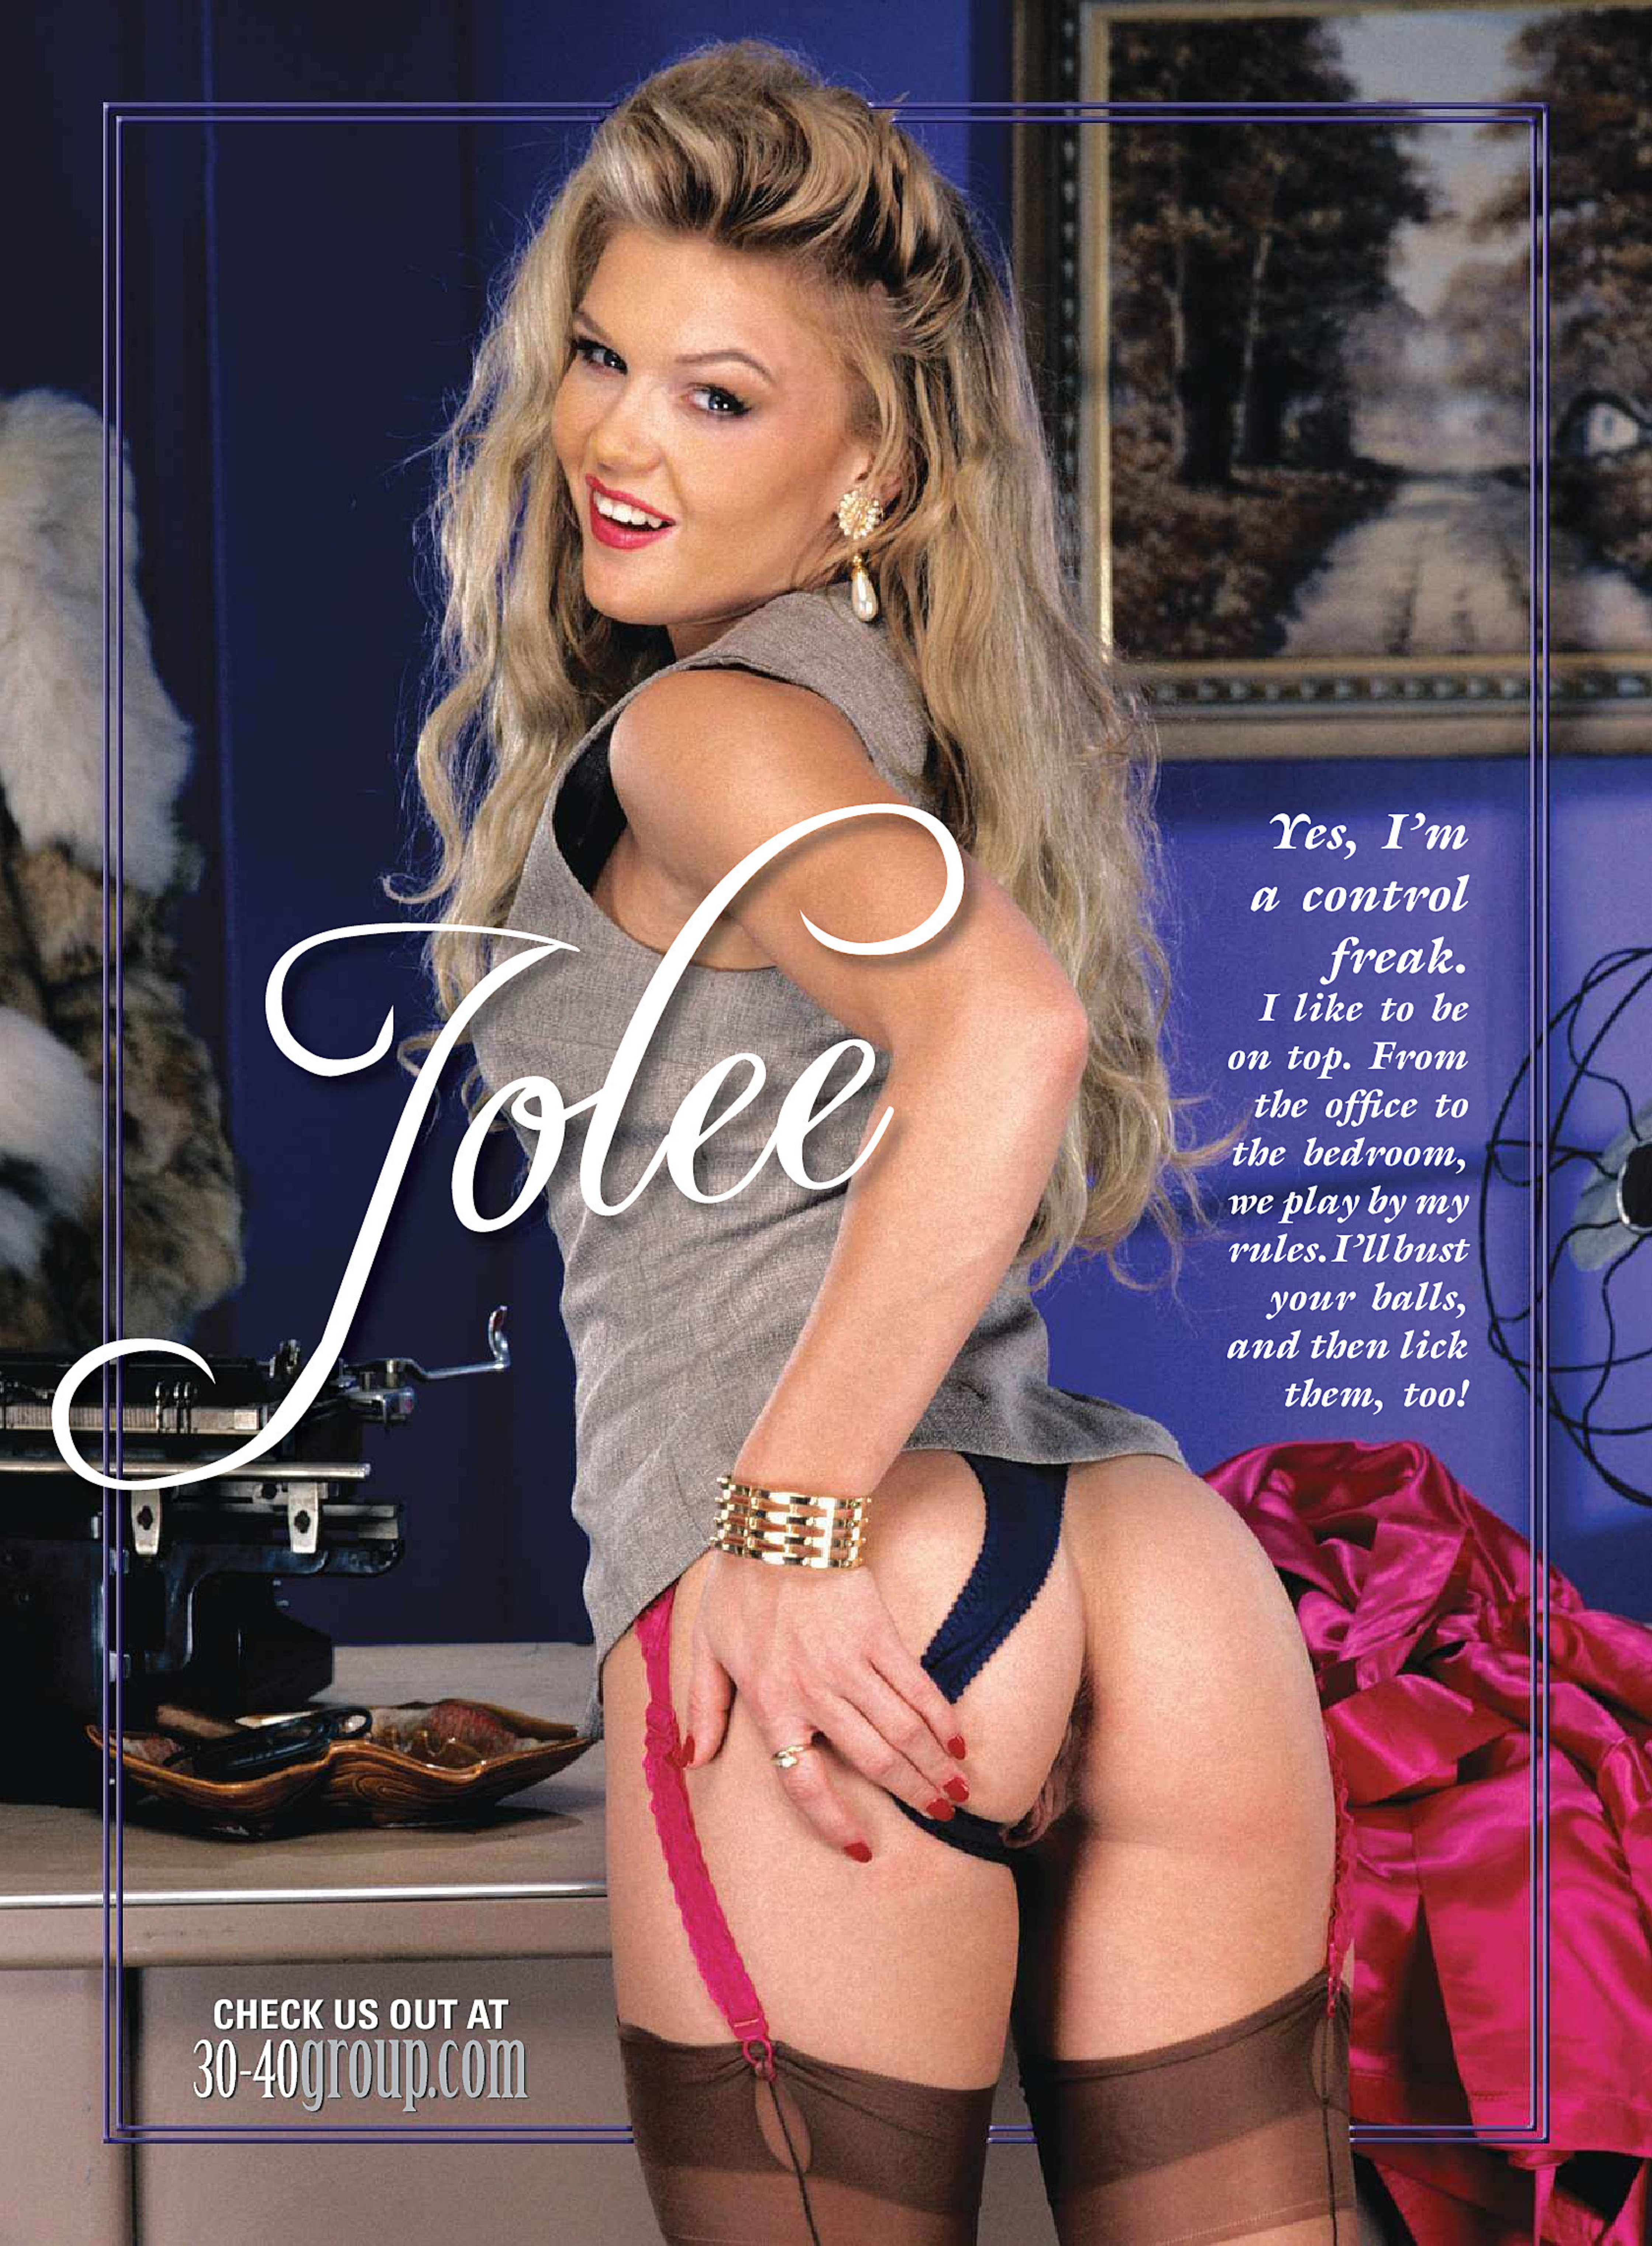

9 Toys can be a great addition to your lovemaking. She probably has a favorite dildo or vibe. Ask to use it on her.

10 Don't go poking into forbidden areas. Not that many women want their assholes touched or fucked. If you're lucky enough to get it, go slow. It can be a real game buster.

11 Know her name! Nothing will get you booted faster than the wrong name. Even if it seems like a one night stand, make it a point!

12 Take your goddamn socks off. Nothing says unsexy like fucking her in male hosiery!

Her accessories include a multi-strand pearl necklace with a gold-toned clasp, large gold-toned earrings, and several rings on her fingers. She is sitting on a dark surface, possibly a chair or bed, with a grey jacket draped over her left arm and a bright pink fabric draped over her right. The background is a solid dark blue. You have something to say to us?

We have some satisfied readers, and some not so much, but all are welcome to let us know what they think!

GORGEOUS GAMS

I've been a leg man my whole life. As a freshman in college I remember my first fascination with legs. By the time I was a senior I had fucked twenty coeds and loved all their forty legs. Now I'm in my late thirties and gorgeous gams just drive me nuts, I barely think about breasts and vaginas. It's all legs and toes.

I just love to suck toe. That's ten tiny delectable digits I can put in my mouth and work them with my tongue and suck on them as hard as I want because it rarely hurts the girl. The toes have to be nicely manicured and if she has just been to the salon, I can still smell the toe-nail polish and that is an even bigger turn on.

Now, because of my "fetish" I have to be careful of who I try to sleep with. So, I tell all my potential partners right up front that I love toes and legs and you would be surprised how many are either into it or want to try it. Many of them say I'm the best lover they have ever had because I'm not all about boobs and pussies.

Since I rarely fuck a girl anymore, I like to have my cock massaged and masturbated by their feet. There's nothing lovelier than to see ten toes down there stroking my rod. And many times she'll be willing to stick her toe in my asshole more so than her fingers or tongue, so I can get that extra little favor, too.

So tell your readers that we leg men are out there and proud of what we like. We know how to please women and we know how they like it.

— Shel, Brooklyn

HOT STRUTS

I picked up your magazine with Serena on the cover a couple weeks ago and have looked at it several times. I was talking with a co-worker about one of the hot chick at the office and learned something new

about fashion - the pencil skirt. For those who don't know, they are tight skirts that usually go below the knee and are tapered smaller towards the bottom. They give the wearer a long slender look and accentuate the butt and showcase the calf.

Anyway, we were discussing Brenda, the hot chick, and we both commented on how great her legs looked in that skirt. She apparently has a few of them because she wears one almost every day. But one day she wore stockings with a black line down the back and I got really turned

on. I had never thought much of women's legs, especially as a sexual turn on, but seeing her like that really did something to me. Now I fantasize about sleeping with stockinged women and stripping them down and out of that skirt.

While your magazine did not have any skirts in the issue I bought, it did have some great legs on some great looking women. The cover girl was really hot and I think now that I've become attracted to panty-hose. So keep up the good work and if you would put a pencil skirt in an issue or two that would be great, I wouldn't even mind if there was only one shot or two of it before she takes it off.

— Scott, Baltimore

ASS MAN OR LEG MAN?

Asses rule. There's nothing like pushin' the cushion' but when I saw your mag with the blonde chick Serena on the cover, I nearly creamed in my pants. Now I think I'm becoming a leg man. When I opened the mag and looked at her, and the other chicks in it, man was I blown away. Now I can't decide if I like legs or asses.

I'll tell you what I did like and that was picture of Serena on her knees with her ass in the air. I feel like I could grab her by the ankles and slip my dick into her pink pussy as she opens her pussy lips to make way for me. And there were a couple other shots that showed great legs

We have to admit, like the viewers, that legs and asses just go together like peanut butter and jelly. The legs start at the toes and end up at the butt. What a great trip up her anatomy that is. And it's nice between them, too.

Hey Scott, thanks for the fashion tip. We'll be looking out for the pencil skirt. As editors, we couldn't think of a better name. And we like your idea too, so we've instructed our photographers to include one in their upcoming shoots. — Ed.

and asses. Hey, maybe that's an idea for you. Why don't you do a mag called ASSES and LEGS or LEGS and ASSES. I'm sure you would double your readership. If you do, I want a cut.

MONIKA MAYHEM

I'M IN LOVE. And you guys are to blame. Damn is there anyone finer than Monika? If there is I haven't seen her yet. This girl is a stunner. She has a great body, great hair, great legs, great tan and one helluva beautiful pussy. In all my years of fucking, I've never seen one that delicious looking.

If she was my girl, I'd suck her toes every night. It would be all I could do because her pussy would be sore from

around and bend over and I'd fuck her from behind while she grabbed onto her ankles. As I was ready to cum, she'd turn around and I'd cum on her boobs. Then go back to work. When I came home, she'd be laid out on the dining room table with a slice of pizza put into the V between her legs so I could eat the pizza and her at the same time. Then I would take a glass of wine and pour it down my cock as she drank from the tip and gave me a hummer at the same time.

Finally, after I came once again, she would lick me dry and she'd fall asleep with my dick in her mouth. Now that's love.

— Richard, Louisiana

Damn Richard, that was our dream, too! — Ed.

LEGGY COMMENTARY

I'm a dance instructor in Chicago and I teach college students and soccer moms. I have some really

of it. I was standing nearby collecting the towels when I saw it fall and picked it up for her.

She seemed a little embarrassed, but I handed it back to her with a joking — "Reading material for the train?" We both laughed and she explained it was with some of the stuff her ex left behind and she had looked at it and kinda liked it. She said she liked looking at the girls legs. I told her she had great legs and she that she worked hard for them. Apparently that wasn't good enough and opened the magazine to show me a blonde girl with, admittedly, great legs. "That's what I want mine to look like," she said. I told her she was almost there and a bit more work and she could have legs like that. She smiled and thanked me.

We sat on a workout bench and looked at the rest of the magazine together for another hour. She commented on every picture about every girl. She talked bout their legs, of course, but also about their hair, their makeup, the angles they were shot at, their pussies and their asses. We spent a lot of time looking at and commenting on legs, but it was fun and she seemed to get off on talking about them.

We didn't do anything more that day, nor any other since. She comes in as her schedule allows and now seems to work even harder for great legs. All thanks to your magazine.

— Simon, Chicago

Monika offers up herself for the fantasies of our readers. Do you ever wonder what she may be fantasizing about?

all the fucking I would give her. I'd do her five — no — ten times a day. Something like this...

I'd come home for lunch from my job and she'd be ready for my cock, which would already be hard before I even got to the door. Then she would greet me on her knees and suck my dick while I ate the sandwich she prepared for me. Then she would stand up and turn

Then I would go to bed exhausted from work (and sex with her). In the middle of the night, she would wake me up, just a little, with her mouth around my dick and suck it until it got hard. She would suck on my balls while pumping my dick with her hands. Next she would sit on my dick in a reverse cowgirl so I could watch be beautiful butt and stick my finger in it.

attractive ladies in my classes and a few have been with me for a couple years. In that time they have developed some nice looking legs. Not the deeply muscular ones like professional dancers, but toned and firm. Well one of those was a soccer mom who was only six months divorced. She was a hard worker and we had become friends during classes. One day she was finishing up and getting her gym bag when your magazine fell out

A full-page advertisement for Ashley Lauren. The image features a woman with blonde hair, wearing a dark red strapless top, black stockings, and black high-heeled shoes. She is lying on a patterned sofa, with her legs raised and spread wide, holding her ankles with her hands. The background is a green and gold striped curtain. The text 'Ashley LAUREN' is written in a large, elegant, gold-colored script font in the upper right corner. Below the name, there is a short paragraph of text in a white, sans-serif font.

Ashley LAUREN

Petite and passionate, Ashley is like a real-life Barbie-doll with all the warm moist parts Barbie doesn't have. Do you have what it takes to be her Ken?

I love to have my pussy licked but I think a lot of guys don't really know what they are doing down there. There's a lot of fumbling and sometimes they lick and suck too hard. When I find a good one, I like to keep him around for while.

Fun at the B+B

My name's Brianna and I'm a twenty-eight year old divorcee living in San Francisco. I had always wanted to fulfill a sexual fantasy of mine in a remote B&B in Sonoma County during the autumn.

I decided to get away from home and asked my friend Jackie to watch my kids while I coerced a co-worker, Bobby, to come away with me. We had been flirting for a few months at the office and even went out on a date once. He's a really nice guy, kinda shy, but I like that.

We arrived early in the morning at the bed and breakfast, signed in and went right upstairs to unpack. About noon we decided to have lunch at one of the nice winery estates that Sonoma and Napa Counties are famous for. Super-hungry, we pulled into the first one just a few miles up the road and had a great lunch with a great bottle of wine. We had most of a second – well actually I did – since Bobby was driving.

After a few hours we were ready to leave and I convinced Bobby to go back to the B&B saying I wanted to show him something there. We parked and headed up to our room. I bounced a little off the walls and he – ever the gentleman – helped me through the door and into the room. I sat on the bed for a moment, composed myself and got my suitcase out. I made him turn his back and went to the bathroom to change into this beautiful lacy bra and garter belt ensemble I purchased for this trip. I came out and Bobby was stunned. His cheeks turned red and he stammered to get words out. "Brianna, you look beautiful," he said. I thanked him and went over and took his shirt off. I snuggled into him and

began to massage his chest and back, my hands moving across his body and slowly down to his cock. He moaned a little as I gently squeezed it and it got harder and harder in my hands. I began to lick his nipples as I unzipped his jeans and pulled them down. He was wearing these cute blue boxers that I pulled

fully pushed him down on the feather-topped comforter, stripped him completely naked and moved closer to rub his cock on my cheek. I began to lick and nibble the underside of his cock. I licked and sucked him until I felt a hot stream of thick, sweet cum something, but I put one finger to his lips

down too and knelt in front of him placing his cock on my cheek and rubbing it. I looked up and saw his eyes close as he was taking this all in. I play-

to stop him. Then I licked the last of the cum from his still hard cock. I worked my way back up his body to his mouth where I kissed him for a long time. Breaking away, I asked if he could taste his cum on my lips and he said he could. "It tastes a little weird," he said. "I've never tasted it before but mixed with your lipstick it was neat."

He pulled me close and gave me another deep kiss. "This lingerie is beautiful," he whispered. "I hate to take it off you." "Then don't." I said, pulling my

large breasts out from their lacy enclosure. The bra supported them from underneath as they pointed straight at him. He leaned forward and began to suck on my erect nipples. He began to massage them with one hand as the other slipped down between my legs and found my wet pussy. "You shave down there?" he asks quietly. "I did just for you, Bobby." I said.

balls in my hand. I replace my hand with my mouth on his balls and force both of them into my mouth. Inside, I swirl my tongue around them, gently sucking on one, pushing it away with my tongue to suck on the other. He leans forward and rubs my breasts and kisses my nipples. I swallow almost his entire length and gag as he starts to trust himself in and out of my mouth.

could reach his asshole. Not my luck, but that was about to change. Bobby pulls himself away and lays on the bed with me. Rolling me onto my side, he gets behind me and thrusts his cock into my pussy. My juices are flowing all over the sheets as he pushes his hard on deep into me. Pulling my leg up for better leverage, he continues to thrust pushing my insides up into my belly. My pussy seems to tug on his cock, pulling him deeper and deeper into me.

Once again his hands find my breasts, pinching my nipples in such a way that it feels like I'm being fucked in two places. My cunt is throbbing. This is incredible. We roll so I am sitting on him, and I now am in control. I squat on him going all the way down his cock, thrusting myself up and down on it. I feel his hand on my ass and I feel my body shuddering down there. Thrusting deep into me, I feel like I can swallow his whole body into my pussy.

He slid his tongue down my neck, between my breasts and down to my panties. He raised one of my legs and held it up as he now slid his tongue down my calf and the inside of my leg. I loved to have my pussy eaten and I couldn't wait for his tongue to lick me. When he finally reached my pussy, I was completely drenched in anticipation. He pulls the panty crotch aside and begins licking me. I moan loudly and that brings a huge smile to his face. His finger now finds my hot cunt and teases me, gently flicking my clit with his fingertips. While he is playing with me, I quickly bend my knees so his finger slips inside. I tighten my legs around his hand forcing his finger to stay there and fuck me.

Finally I open my legs and flip backwards on the bed positioning my up-sidedown mouth under his hard-again cock. I begin to suck on it and take his

He leans over even farther to reach my pussy with his mouth and we're now doing a floor-bed sixty-nine. I oblige by sucking his balls and sliding my tongue between his butt cheeks, seeing if I

I feel him tremble and I know he is about to come. I push myself harder and feel the same feeling coming over me. I ride him for a few more thrusts like a wild bronco and we cum together. I fall over backwards on him and he kisses my neck in pleasure and release. We kiss and smile at each other as I feel his cock throbbing with the spurts of climax still inside me. I roll off him and take his cock into my mouth and suck the last remaining drops out of it. I taste our hot wet sex juices and it just turns me on even more.

We cuddle for an hour and jump into the shower together. We spend what seems like an hour in there, soaping each other and rubbing our genitals in mutual masturbation until we cum again. That's three for him and two for me, but who's counting. The next day we don't even leave the room. We fuck all day on the nice big bed. I think last count was twelve for him and sixteen for me. Oh yeah!!!

A full-page photograph of a man and a woman in a romantic embrace. The man, on the left, is shirtless and has a large, ornate tattoo on his left shoulder. The woman, on the right, has blonde hair and is wearing a white lace-trimmed bikini top and bottom. They are standing in front of a white bed with a lace pillow. In the background, there is a potted plant and a window with a view of the outdoors. The overall mood is intimate and sensual.

Dr. Sabrina returns with some encouraging words Edward's constant state of horniness.

Dear Doctor,

I'm writing today because I have a problem that I cannot seem to escape. I'm sixty-two years old, in great health and lead an active life. I am a widower for eight years and have not yet found the next Mrs. I do have a few lovely ladies that I have sex with on occasion so I'm relatively happy that way. My problem is that, in between my sexual episodes, I masturbate every day. And I do mean every day, and sometimes more than once.

I am a businessman and a 9-5 working day is no diversion. I will jack-off in my office, in the bathroom, and one time I got the urge so bad, I locked the cafeteria door and found a corner to do my thing. I always clean up and dispose of the result. A couple times I was almost caught and that was scary. I cannot afford to lose my job, but when the feeling hits, I cannot concentrate on anything else. I do not think sexy thoughts, look at porn or touch myself, but out of nowhere I get an erection that will not go away until it's relieved. One day, I tried ignoring it and sat in my office with a hard on for two hours. I had to go to a meeting and make a presentation standing up and did not want it to show, so just before the meeting, I jerked off and the presentation went off without a hitch.

I was never a big masturbator throughout my life. I assume I was pretty normal, doing it once or twice a week, even during my marriage. But these last couple years, my cock seems to have developed a mind of it's own and I am a slave to it. I have spoken to my doctor about it and we went back and checked the medication I've been taking and he says none of the drugs should cause this type of reaction. I had my testos-

Dr. Sabrina has some wise words for our readers. She tries to make sense of love, sex and what women want from their men.

If you have questions about the opposite sex, then Dr. Sabrina has the answer.

terone level checked and while it's a bit above normal, it's not causing this.

My sex life is relatively normal. We do all the normal stuff, in normal positions, for a normal length of time, and it is normally satisfying, normally for both of us. Sometimes however, after the lady leaves I immediately have to masturbate myself again within an hour. I'm at a loss as to what to do. I hope you have some advice for me.

Edward, Phoenix

Dear Edward,

I thought about your situation at great length and, you know, I decided that I did not really find anything wrong with it. We tell younger folks that masturbation is perfectly healthy and a normal part of life. That does not mean that when we get older it becomes less healthy or any less normal. When we say marriage or having a girlfriend will end masturbating, that is rarely ever the case. Men and women need relief when the urge hits, not when it's convenient to have a partner around.

I assume that since you've confronted the frequency issue, you are always prepared to catch your cum and properly dispose of it. I assume you use tissue or the like to put the cum into, but be sure that you also have plastic zipper bags to put that tissue in when there is no place or time to flush it. Since you are around it so much, you may not be aware of the smell of cum so be sure that the smell of your actions is also minimized. Wash your hands after completion. or have some hand sanitizer lotion around. or spare your comrades of your touch.

I do empathize with your job situation. You do have to be really careful that it doesn't interfere with your job. The thought of ridicule or losing it altogether doesn't seem to be enough to have you stop it during office hours, but you should find some way to control it a little better. If you live close to your office, consider going home, doing it there and then go back to work. Don't ever confess to a workmate that you do this, or bring anyone into it with you. That's a recipe for disaster.

Good luck – and just enjoy.
